6. Co- requirements for this course (if any): NA	
7. Course Main Objective(s)	
<p>The English morphology course aims to provide the undergraduate students with a detailed analysis of morphemes and word formation processes in English. It also aims to provide the students with key linguistic terms, concepts and theories related to morphology. The course introduces the students to the development of the English language with particular reference to word-formation processes. The overall aim of the course is to help the students master the English language and its morphological and linguistic structure.</p>
